**ALBUQUERQUE POLICE DEPARTMENT**

---

**RE: CASE #14-0023683**

**INTERVIEW OF: DET. KEITH SANDY**

**DATE TAKEN: APRIL 7, 2014**

**TIME: 10:17 A.M.**

**BY: DET. GEOFFREY STONE  
UNIDENTIFIED MALE  
AGT. RAFAEL GOMEZ**

**ALSO PRESENT: MR. LUIS ROBLES**

1           DET. STONE: Okay. Today's date is Monday,  
2 April 7th, 2014. It's approximately 1017 hours.  
3 This is Detective Geoff Stone with the Albuquerque  
4 Police Department. This is in reference to an  
5 officer-involved shooting case, Case  
6 Number 14-0023683. This incident occurred on  
7 March 16th, 2014. I am here doing another  
8 interview with Detective Keith Sandy. And present  
9 in this room, I'm just going to go around the  
10 table, is...

11           AGT. GOMEZ: Agent Rafael Gomez, with the New  
12 Mexico State Police.

13           UNIDENTIFIED MALE: (Inaudible).

14           MR. ROBLES: And Luis Robles, his attorney.

15           DET. STONE: All right. Keith, just so you  
16 know, we are back in here, there's a couple things  
17 that I just -- I've found out through the  
18 investigation that I just want to clear up with  
19 you. Again, this is a voluntary statement, you  
20 don't have to -- you don't have to provide me a  
21 statement if you don't want. If at any time you  
22 want to stop the interview, just go ahead and let  
23 me know. Okay?

24           DET. KEITH SANDY: Yes, sir.

25           DET. STONE: Okay. So specifically what I

1 would like to talk about, going back to the day of  
2 the incident, March 16th, 2014, right around the  
3 time when probably -- before the shooting happens  
4 and when you're arriving on scene, I believe you  
5 had a conversation with one of the State Police, I  
6 believe Sergeant Ware?

7 DET. KEITH SANDY: Yes, sir.

8 DET. STONE: I would just like to go over --  
9 can you tell me what you recall from that  
10 conversation with him?

11 DET. KEITH SANDY: I had -- I had just arrived.  
12 I was in the process of trying to get my things in  
13 order. I was putting on a -- a sweatshirt. It was  
14 getting afternoon and I knew it was going to get  
15 cold, so I put my sweatshirt on, kind of getting my  
16 gear in order when Chris Ware arrived. And Chris  
17 Ware and I worked together for the better part of  
18 12 years. I remember him walking up and saying, "I  
19 didn't recognize you at first," and me replying  
20 by -- say to saying he's getting fat, you know.

21 And then he came up to my door. I asked him  
22 why he was there, and he said he wasn't sure, but  
23 the guy that they were talking to on the side of  
24 the mountain had requested State Police, and so he  
25 was dispatched there per that request.

1           He asked me what I was doing there, and I  
2 told him that they had called me out for a request  
3 for a Taser shotgun because he was armed with the  
4 knives. There was some other conversation about  
5 little small talk in between there and him -- if I  
6 remember correctly, it was him and I talking about  
7 where it was going, where that situation was going.

8           And as I was talking to him, I was at my  
9 back driver's-side door. I have a four-door  
10 pickup. I had the back driver's-side door open.  
11 During that time that I was kind of doing like a  
12 function check, I guess, on my Taser shotgun. I  
13 was -- put one in the chamber. I checked to see  
14 how many other rounds were in the gun. I was  
15 getting it ready. And jokingly, just kind of  
16 locker room banter, just told him, you know, "Don't  
17 worry. I'll shoot him in the pecker with this and  
18 call it good."

19           He giggled about it. I walked around the  
20 passenger side back door, and he told me, "I  
21 thought you guys got rid of those things."

22           I said, "No. Tactical got rid of them. We  
23 still use them," meaning SID detectives, Special  
24 Investigations detectives still utilize them.

25           It was at that point that it was kind of the

1 end of our conversation that he just walked off and  
2 went through the backyard and up the hill. I  
3 didn't -- I hadn't even touched my rifle or -- it  
4 was all -- I had my shotgun Taser in my hand during  
5 that whole time. And I think that's -- that's the  
6 gist of our conversation, is just -- it was the  
7 talk of that Taser shotgun and why he was there and  
8 why I was there.

9 DET. STONE: Okay. So you said that you've  
10 known Sergeant Chris Ware for how many years?

11 DET. KEITH SANDY: The better part of 12.

12 DET. STONE: Twelve years. And is this when  
13 you were employed with State Police?

14 DET. KEITH SANDY: Yes. And I know him on a  
15 personal level also. We both coached baseball  
16 together. He coached a separate team and we played  
17 in a (inaudible) travel league. And we -- we're in  
18 the -- his son and my son are the same age, they  
19 play in the same age bracket together, so I would  
20 see him every -- every weekend and probably every  
21 other weekend, so we would play against one  
22 another, and that same banter would go on on the  
23 baseball field.

24 DET. STONE: Okay. All right. So in regard to  
25 the joking statement, you said that you were -- you

1 told him that you were going to shoot him in the  
2 pecker with the Taser shotgun?

3 DET. KEITH SANDY: Yes.

4 DET. STONE: Okay.

5 DET. KEITH SANDY: And that wasn't my intent.  
6 I had no intent of going up the hill and doing  
7 that. You know, I'm -- I've been trained on the  
8 Taser shotgun. I know that's not a target area.  
9 And it was said just -- just jokingly, with -- with  
10 Chris.

11 DET. STONE: Okay. Did you guys talk about  
12 anything else after that, I mean, that you can  
13 recall? Or was he around your position after that?

14 DET. KEITH SANDY: I made a joke to him on the  
15 hill. We were -- the only other conversation we  
16 had was on the side of the hill. After we got up  
17 there, they called Chris Ware back up to where we  
18 were at, because he had initially walked away. And  
19 as soon as he got up there, the man on the hill  
20 became irate, started screaming at Chris. His  
21 demeanor completely changed once Chris got up  
22 there.

23 We were all kind of sitting there, trying to  
24 figure out what was next, and Weimerskirch asked  
25 all of us, "Does anybody want to give it a shot at

1 talking to him?"

2 And Chris, at one point, said, "No. I don't  
3 think I'm getting anywhere with him."

4 And, again, jokingly, I told him, "Must be  
5 your personality."

6 Chris Ware is a real dry, to-the-point  
7 person, and he -- if you don't know how to take him  
8 or you don't know him, he will instantly hurt your  
9 feelings and upset you. And so I joked with him  
10 and said, "Must be your personality."

11 And he kind of looked at me, and I could see  
12 him out of the corner of my eye. And then they all  
13 agreed that -- everybody agreed that he would --  
14 that he was only upsetting the male. So he walked  
15 down to the bike path, or to the running path that  
16 was below us, probably 100, 150 yards behind us.

17 DET. STONE: Okay. All right. Do you know if  
18 you were joking around at all with anybody else, or  
19 just Sergeant Ware, (inaudible)?

20 DET. KEITH SANDY: He's the only one I had a  
21 conversation with during that time. I had a -- I  
22 had a conversation with McFarland when we got  
23 there.

24 DET. STONE: Uh-huh.

25 DET. KEITH SANDY: I didn't have a baseball

1 cap. I asked -- I borrowed a baseball cap from  
2 him. We were talking about getting his stuff  
3 together. I was talking about -- I asked him -- we  
4 kind of went back and forth, because I was wearing  
5 soft armor, and he put on his heavies, his plates,  
6 and I asked him about that.

7 I said, "You're wearing plates up there?" we  
8 talked about that. And then that's when I went and  
9 put my plates on, right after that. And that  
10 was -- then, after that, we stepped off.

11 (Inaudible) no other -- I didn't -- well, Ken  
12 Ronzone showed up and he talked about his dog.

13 The dog was going crazy, and Ken goes -- Ken  
14 said something about, you know, the dog is supposed  
15 to get up the hill and get to work, and he's all,  
16 "Come on, Dad." He was kind of talking for the  
17 dog, saying, "Come on, Dad. Let go get him," stuff  
18 like that.

19 But that -- that's what I recall.

20 DET. STONE: Okay. All right. So all this  
21 conversation then you had with Sergeant Ware  
22 specific to the Taser shotgun, that was prior --  
23 you -- prior to you even going up to the hill and  
24 involving yourself in what was going on?

25 DET. KEITH SANDY: Exactly. I -- actually,

1 when we were talking, I didn't even know what the  
2 guy looked like or where he was located, because,  
3 now that I think about it, Chris asked me where he  
4 was at. And I said, "I don't" -- I said, "I don't  
5 even know."

6 And so it was at that point that I went into  
7 my -- I climbed into the front seat of my pickup, I  
8 got a set of binoculars out, and I climbed about --  
9 because I remember there -- now I remember why I  
10 was standing in the bed of my truck, because I  
11 remember standing in the bed of the truck and I  
12 couldn't recall why. But now I remember. I stood  
13 in the bed of the truck with my binoculars and  
14 began to blast the hill from the top down. And I  
15 initially saw a guy in a white T-shirt standing at  
16 the very top, and I said, "There he is. He's in  
17 the white shirt."

18 Chris goes, "No." He says, "There's a bunch  
19 of onlookers out there, and I don't think that's  
20 him."

21 So as I watched him, another person walked  
22 up there, so I ruled that guy out. And so I  
23 started coming down the hill, and as I started  
24 coming down the hill, I saw the offender standing  
25 about midway down. I pointed him out to Chris, I

1 described him to Chris, what I saw through my  
2 binoculars, I said -- and I remember telling him,  
3 "His hands are free." I said, "He's up there just  
4 talking."

5 And as I climbed out of my truck and went to  
6 the passenger side, that's when Chris walked off  
7 and started up to the scene.

8 DET. STONE: Okay.

9 DET. KEITH SANDY: So prior -- I mean, during  
10 that conversation, I didn't even know where the guy  
11 was, what he looked like, what -- what was going  
12 on. I couldn't see because we were on a  
13 residential street, and when we were standing at  
14 ground level, the house that we walked through to  
15 access the Open Space --

16 DET. STONE: Yeah.

17 DET. KEITH SANDY: -- blocked the view of where  
18 he was at and where the other officers were.

19 DET. STONE: Okay.

20 DET. KEITH SANDY: I literally had just pulled  
21 up and stepped out of my truck and I had no idea  
22 what was going on other than the dispatcher said  
23 that they had called for a shotgun Taser because  
24 the guy had charged the officers with two knives.  
25 So that's all the information I had. And it wasn't

1 until Chris and I were talking and I timed out and  
2 blast the area, so that we kind of had an idea of  
3 where he was and what was going on, that I knew  
4 what was going on. And when I saw him, like I  
5 said, there was cops everywhere and his hands were  
6 free, he had his hand out in front of him. He was  
7 very animated in his gestures with his hands, he  
8 talked with his hands, but I could see through the  
9 binoculars. I couldn't hear him. We were too far  
10 away. I couldn't hear anything that was going on.

11 And I just told Chris, "His hand are free,"  
12 and I told him he was wearing a gray shirt and  
13 black pants and, "He's up on the hill there, on  
14 top," and that was it.

15 DET. STONE: All right. And prior to I guess  
16 when this conversation was going down, had you been  
17 briefed by any of the on-scene officers or the  
18 sergeant by that time?

19 DET. KEITH SANDY: No.

20 DET. STONE: That happened later?

21 DET. KEITH SANDY: And I was -- I never  
22 received a brief from the on-scene supervisors or  
23 anybody that was there. I immediately stepped to.  
24 I did grab my rifle. And when I stepped into the  
25 backyard -- because there was two K-9 guys and one

1 SWAT guy. Knowing that, that there would have to  
2 be a lethal cover for each K-9 guy, Rick Ingram  
3 wasn't out -- wasn't on scene yet, and those guys  
4 were wanting to step off right then. So I -- I  
5 slung my rifle and I grabbed my Taser shotgun and I  
6 slung it as well, and I walked through the gate,  
7 kind of holding both of them, and once we got  
8 through the gate and Weimerskirch called Jason  
9 Carpenter down, received a brief from him, and then  
10 briefed us that -- it was a short brief, basically,  
11 that there was felony charges on him, that he was  
12 wanted -- or he was wanted in reference to the  
13 aggravated assault on a police officer, and that  
14 was it. That was the only brief I got.

15 I hadn't -- like I said, I hadn't talked to  
16 anybody as of yet, and I don't think anybody knew  
17 that we were on scene at that point.

18 DET. STONE: Okay. I don't have any more  
19 questions reference that. Is there anything else  
20 that you think is important that I haven't asked  
21 that you want to add?

22 DET. KEITH SANDY: No.

23 DET. STONE: Okay.

24 (Inaudible), anything?

25 AGT. GOMEZ: No.

1           DET. STONE: Okay. Let's go ahead and end the  
2 interview at 1031 hours.

3                   (Conclusion of recording.)

4           DET. STONE: Okay. We're back on the record.  
5 It's still Monday, April 7th, 2014. It is now  
6 10:36 hours. We're still here speaking with  
7 Detective Keith Sandy.

8                   Keith, after I turned off the tape during  
9 our first interview, I asked you again if there was  
10 anything else you wanted to add. We had a brief  
11 conversation. So what I would like to do is I  
12 would just like to go over that conversation. Just  
13 kind of tell me everything that you just told me a  
14 second ago.

15           DET. KEITH SANDY: I -- when this all came  
16 to -- I guess the video from State Police was  
17 released and watched by State Police and brought to  
18 you, it was -- I received a phone call and asked if  
19 I talked to Chris or anybody -- the first question  
20 that was posed to me was have I talked to anybody  
21 or did I say anything to anybody about shooting the  
22 offender in the -- in the pecker.

23                   My immediate response was, "No, I didn't."

24                   Then the second question posed was, "Did you  
25 say anything to Chris Ware about shooting him in

1 the pecker?"

2 And I said, "I don't" -- I said, "No, I  
3 don't think I did. I don't recall even saying  
4 anything along those lines. I remember talking  
5 about the Taser shotgun." I went through the whole  
6 thing, and I've been -- but I've heard it from  
7 other people saying that I did say that, that that  
8 is on the tape. And if it is on the tape, then I  
9 said it. And I didn't -- but I don't recall saying  
10 that, and pecker is not a word that I use. It's  
11 not a common term that I've ever used, ever.  
12 It's -- and I just don't see why I -- that day I  
13 would have used that term, and I can't -- I can't  
14 recall. I've tried in my head a hundred times.  
15 And I can go through that situation (inaudible)  
16 just talking to you now, going over it,  
17 remembering.

18 Because I remember I thought that -- when I  
19 was driving over here, I thought that my  
20 conversation with Chris was in the bed of my truck,  
21 because I remember standing in the bed of my truck.  
22 And then now, as I begin to tell the story and go  
23 through it, I remember standing at the door and  
24 then climbing into the bed of the truck to use my  
25 binoculars to blast the guy. But I can't recall in

1 my mind 100 percent that I said that. And like I  
2 said, pecker is not a word that I use, you know,  
3 but I've heard it from other people, telling me  
4 that I did say it. And I figured them having  
5 knowledge or having heard or being told directly by  
6 someone who did hear it on the tape, that was the  
7 information I was getting, although that's why I  
8 had said that I said it, because I figured it was  
9 said. And I don't recall saying, nor do I ever  
10 recall using the word pecker. Not only in this  
11 situation, but ever.

12 DET. STONE: Okay. So you don't have your own  
13 independent recollection of that conversation?

14 DET. KEITH SANDY: Yeah.

15 DET. STONE: You're kind of basing it off --  
16 are these other people in law enforcement that were  
17 calling you?

18 DET. KEITH SANDY: Yes.

19 DET. STONE: Okay. And did they make it appear  
20 as though they had already heard this audio and  
21 that's what they heard, or is that what they were  
22 told they heard?

23 DET. KEITH SANDY: That they were -- they had  
24 received information that that's what was heard on  
25 the video. It was never a -- I never got the

1 information saying, "Hey, it's on there. I heard  
2 it. You said it." It was, you know, "This is  
3 what" -- "what was said," that, "it was told to us  
4 that is what you said on the video."

5 And, you know what, I've been racking my  
6 brain since the day I found out, and I don't recall  
7 saying it. But at the same time, I'm not denying  
8 that I said it.

9 DET. STONE: Okay. When did you find out, or  
10 when did you first get notification by someone that  
11 there was a video out there?

12 DET. KEITH SANDY: It was -- it was -- that  
13 would be last -- last weekend.

14 DET. STONE: Last weekend. So almost --

15 DET. KEITH SANDY: It was about --

16 DET. STONE: Over a week ago?

17 DET. KEITH SANDY: It was over a week ago, was  
18 my first -- first notification of it. It was on --  
19 I'm going to say it was probably a -- somewhere  
20 like a Sunday morning, the best I recall. It was  
21 kind of early. Because I remember I was still -- I  
22 had just gotten a cup of coffee and I was just kind  
23 of starting to wake up, and I remember sitting on  
24 the edge of my bed and having that conversation.

25 And -- and I remember them specifically

1 asking me what I recalled about the conversation,  
2 and I recalled the Taser shotgun, talking about the  
3 Taser shotgun. And I remember joking with Chris  
4 Ware. And I think if it had been anybody else that  
5 was there, I can tell you that I didn't say that,  
6 but because it's Chris Ware and because of the way  
7 we joke and the way -- you know, I didn't rule out  
8 the possibility that I did say it.

9 DET. STONE: Okay.

10 DET. KEITH SANDY: So I'm not changing my  
11 story. I'm not trying to conceal anything. I'm  
12 just saying I don't recall it. If it's on the  
13 tape, then I said it. But I don't recall from my  
14 own recollection in my mind saying that.

15 DET. STONE: Okay. And has anyone else  
16 contacted you reference this video and audio that  
17 told you that they heard something different than  
18 pecker?

19 DET. KEITH SANDY: No, I'm not -- that's all  
20 been -- I've heard that from -- that's all I've  
21 heard since that -- that weekend. That's all I've  
22 heard. I've never -- nobody has ever said, "That's  
23 not what's on there. That's not what you can hear.  
24 That's not" -- anything like that. I've never had  
25 anything to, you know -- that -- other than, "Yeah,

1 that's what you said." And so I -- when I came in  
2 here today, it was just to fall on my sword because  
3 that's what I've been told, but I don't recall. I  
4 don't remember saying it.

5 DET. STONE: Okay. Going back to the day of  
6 the incident, from the start when you first got  
7 there, to the end when everything -- when the  
8 shooting happened, did you ever have an intent to  
9 go up there and shoot Boyd in the genital area?

10 DET. KEITH SANDY: No. Absolutely not.  
11 Absolutely not. I know it's not a target area.  
12 You know, I've been through the Taser training. I  
13 know I joke around, but when it comes time to --  
14 for boots to hit the ground, you know, I'm very  
15 proud of being a part of the Repeat Offender  
16 Project. And it's something that I've wanted  
17 for -- even when I was with State Police, I  
18 remember meeting guys from the ROP unit in 2004 and  
19 helping them out in Los Lunas, and from the day I  
20 helped them out, that's all I wanted.

21 When I came to APD, you know, that was --  
22 they asked me what I wanted, I wanted to go the  
23 ROP. I went to vice.

24 They asked me, "Why are you here?"

25 I said, "To go to ROP."

1           There's a tremendous amount of pride in me  
2 being in the ROP unit, and I would never do  
3 anything to shine a bad light or disgrace that unit  
4 or Sergeant Heckroth. Those guys, Lou Heckroth,  
5 Zack Stephenson, those guys that have been in ROP  
6 and -- all the guys that were there long before me,  
7 (inaudible) and just -- those guys are always --  
8 I've looked up to them and idolized them. I would  
9 never do anything because I realize (inaudible).  
10 But I would never go up with the intent to shoot  
11 him in the genital area.

12           I did tell Rick Ingram to shoot him in the  
13 legs with the Taser shotgun after he put the hoodie  
14 on only because I knew he had -- I could see before  
15 he put the hoodie on, he had three shirts on.

16           DET. STONE: Okay.

17           DET. KEITH SANDY: He had two T-shirts and a  
18 button-down shop shirt, and then he put the hoodie  
19 on. And I remember telling him, "Shoot him in the  
20 legs. He's got too many layers up top. It's not  
21 going to" -- "it's not going to be effective."

22           DET. STONE: Okay.

23           DET. KEITH SANDY: But even having been in that  
24 situation, where I know that it's not going to be  
25 effective, I would never -- I didn't even direct

1 Rick to shoot him in the genital areas with the  
2 Taser shotgun. I wanted to shoot him in the legs  
3 and the -- and the large muscle groups of the  
4 thighs. That was never my intention.

5 DET. STONE: Okay. All right. Being in the  
6 ROP team, just from what I know about the ROP team,  
7 you guys tend to go after some of the more violent  
8 offenders within the city?

9 DET. KEITH SANDY: Yes, sir.

10 DET. STONE: Okay. Have you found yourself in  
11 situations before where, say, these -- the violent  
12 guys you go after aren't necessarily wanting to  
13 give up right away?

14 DET. KEITH SANDY: No, absolutely not. You  
15 know, and I've been the ROP for a year and a half.  
16 In that year and a half, we've had some pretty  
17 violent encounters, one of which was last March I  
18 drove past an individual to make an ID on him to  
19 see if it was the guy we were looking for. After I  
20 ID'd him, his passenger leaned out of the truck and  
21 began shooting at me and Ken Ronzone. Shot  
22 numerous times at us and then went into a pursuit,  
23 shooting at other officers, one of which was  
24 Weimerskirch, shot the radiator out of  
25 Weimerskirch's truck.

1           We've numerous times done blocking maneuvers  
2 on individuals, twice of which -- once the guy  
3 started ramming our trucks, trying to get out.  
4 Another one, he was -- he drug two ROP detectives  
5 through the Walgreens parking lot, and they were  
6 trying to get him into custody, with his vehicle.  
7 So yes, we've gone after numerous violate, very  
8 motivated and aggressive criminals.

9           DET. STONE: All right. So when the team is  
10 together, even when you're working like, say, with  
11 the K-9 guys or the SWAT guys, when you guys have  
12 like some down time, is it typical to joke around  
13 to like, I don't know, relieve stress or anything  
14 like that?

15           DET. KEITH SANDY: Oh, it's -- it's funny,  
16 because that's -- that all we do, is -- outside  
17 of -- when we're not working, when we're not on a  
18 (inaudible), it's constant banter, constant joking,  
19 to the point where we even have a -- we call it a  
20 safe word, where if it gets to be much, somebody --  
21 our safe word is China. So if you say China,  
22 everybody stops making fun of you. Because if it  
23 gets to the point where the banter gets to where --  
24 if you have thin skin, it's going to hurt your  
25 feelings, so we actually had to come up with a safe

1 word in ROP because of that.

2 And so that's -- it's because -- and  
3 especially after an incident like that, when it's  
4 all over with, we do joke or we do make fun of one  
5 another, talk garbage to one another, talk -- just  
6 that's what we do.

7 DET. STONE: How does it make you feel when you  
8 guys joke around, given that high-stress job and  
9 everything?

10 DET. KEITH SANDY: It takes your mind off a  
11 lot. It -- it's calming. Before we -- before  
12 incidents, too, we joke like that about things. We  
13 even do it on ROP air since it's not a monitored  
14 air (inaudible) the air, once in a while, will come  
15 over the radio. And it's -- it's kind of calming.  
16 It kind of breaks your -- your tunnel vision, if  
17 you will. Not that you're going have tunnel vision  
18 in that -- that -- during that time, but it kind of  
19 breaks the thought and a better focus to where  
20 you're able to come down to a level where you're  
21 able to see the whole picture instead of just on  
22 one level where you're focused in on something and  
23 you're going to miss something and make a mistake.  
24 Because there's not room for mistakes in ROP,  
25 especially in blocks and things like that. If --

1           DET. STONE:   And why is that?

2           DET. KEITH SANDY:   Because if you make a  
3 mistake in a block, somebody is going to get hurt,  
4 the offender is going to get out of it and -- where  
5 way we do our blocks, we do it in the middle of the  
6 city, and somebody is going to get hurt, a civilian  
7 is going to get hurt.   And that's unacceptable in  
8 ROP.   It's, I mean, unacceptable.   When I first  
9 came to ROP I made a mistake in a block and the guy  
10 got out and he was -- it was huge, it was a big  
11 deal.   And I took a lot of beating up over it from  
12 most of the guys on the team.   And so I -- I kind  
13 of thought I'd never do it again.   And that's  
14 just -- we just don't, you know.

15                   When I came to ROP, it was -- the first  
16 thing was, "Welcome to ROP.   Mistakes now cease to  
17 exist."   That's the rule the very first day, that's  
18 the very first thing that was told to me.   And  
19 that's something that's been told to ROP guys  
20 for -- since the beginning.

21           DET. STONE:   Uh-huh.

22           DET. KEITH SANDY:   So, yeah, the joking -- the  
23 joking and the banter takes away from the stress.

24           DET. STONE:   Okay.   All right.   Makes sense.  
25   Anything else that you think is important that I

1 need to know about?

2 DET. KEITH SANDY: No.

3 DET. STONE: Okay.

4 Any other questions?

5 AGT. GOMEZ: No.

6 DET. STONE: All right. Let's go ahead and end  
7 it at 1051 hours.
